

## Mitre® audio visual furniture

Mitre® products feature a contemporary curved smoked glass front door and a rear access plate with matching keys

Neutral light grey cabinet designs are complimented by a choice of three attractive coloured top and base platforms. Heavy duty steel lockable access plate to rear measures 450 x 160mm (h x w) and is vented to assist with temperature control. Locks for front and rear access are keyed alike. 3 height adjustable shelves, sliding top shelf and a practical sliding draw at base. Durable 100mm Tente® twin wheeled, precision ball bearing castors, 2 locking. Maximum spread load capacity recommended at 150kgs. Optional 19" rack mount accessory available with 23 hole pitch positions.

### Conference Cabinet

The cabinet is supported by a stylish yet superior strength steel LCD stand with integral base for maximum stability. VESA compatible bracket will secure LCD screens up to 65" and allows for full height adjustments in increments of 40mm up to a maximum of 800mm above the top platform. The bracket tilts up to a 15° angle. Full length vented rear access cable management cover. Optional height adjustable video conference shelf that can be secured above the LCD screen to convert this module in to a truly professional video conferencing tool.

### LCD mounting bracket

Robust steel bracket supports VESA hole configurations of 75 x 75mm, 100 x 100mm, 200 x 100mm, 200 x 200mm, 400 x 200mm and 400 x 400mm. 400mm VESA pattern is achieved by securing the additional attachment plates that are provided as standard and may be required with larger sets. Recommended maximum set weight of 45Kg.
