

Shield® glazed tower display cases

Display 3D objects in style with the Shield® mobile display cases

A stylish range of display cases manufactured to the highest standard. Heavy duty yet contemporary aluminium framing and toughened safety glass are used to create this range of freestanding showcases. Six tower units are available in a range of sizes, two with locking cupboards to the base. All units are lockable and supplied with glass shelving as illustrated. Available in satin anodised aluminium or in a choice of four bright powder coat colours. Supplied ready assembled with castors, button feet are available as a no cost alternative – please specify when ordering.

Illuminated versions of the Shield® glazed display cases bring your display to life. Spotlights are clipped into a 12 volt track, enabling the illumination to be positioned exactly where you need it. The lights are simple to remove when not required or when sensitive displays are being housed.
