

# Shield® Wood Effect Exterior Showcases

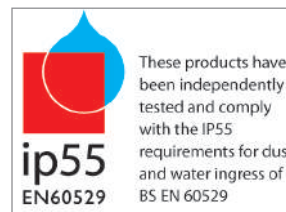

**New contemporary aluminium light oak effect framed version of our market leading weatherproof external wall mounted showcase. Popular for displaying exterior notices outside educational establishments, restaurants and community halls.**

The Shield exterior showcase design has been independently certified to ip55 requirements of EN60529 against water and dust ingress. This new frame finish offers a traditional look and feel but without the maintenance requirements that a wood product would require.

Top hinged doors include support stays and are fitted with two locks with matching keys. This model is available across 7 sizes, each designed to occupy a given number of A4 sheets. Choose from 18 loop nylon fabric colours for use with pins or Velcro or traditional cork for use with pins.

**Illuminated versions**  
Available on request.
