

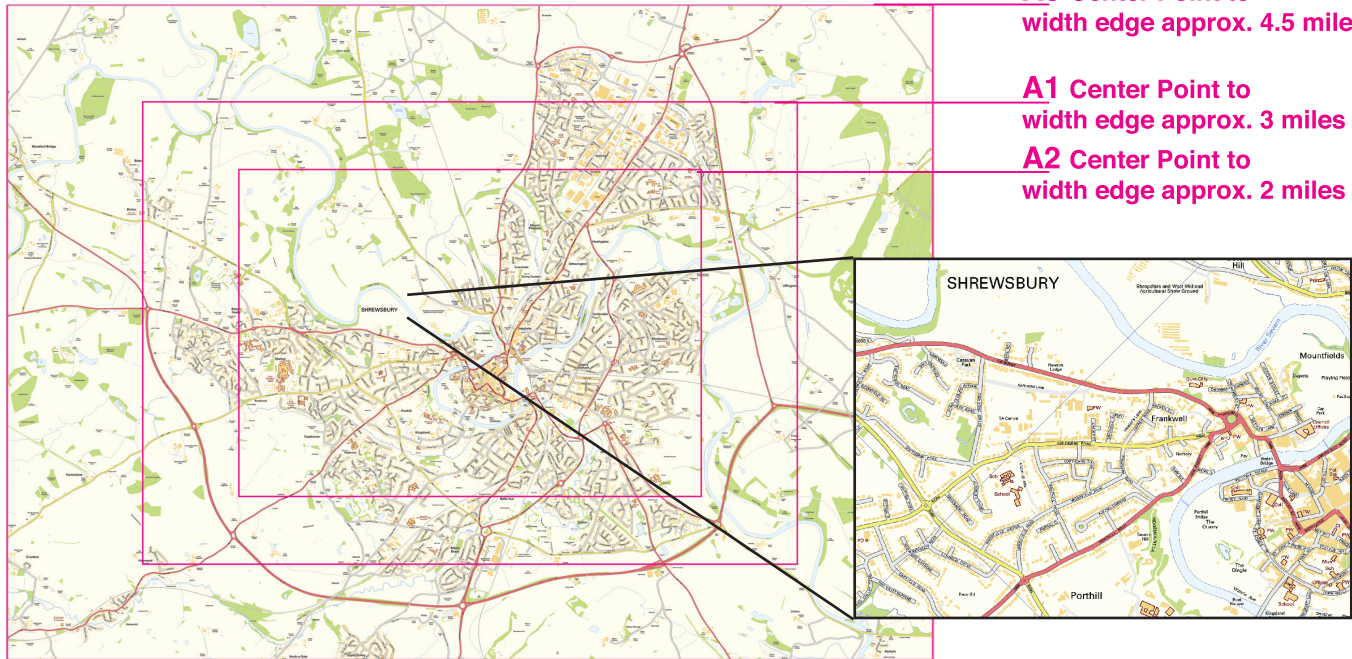

Map Information Sheet - Standard - WEB PRICE

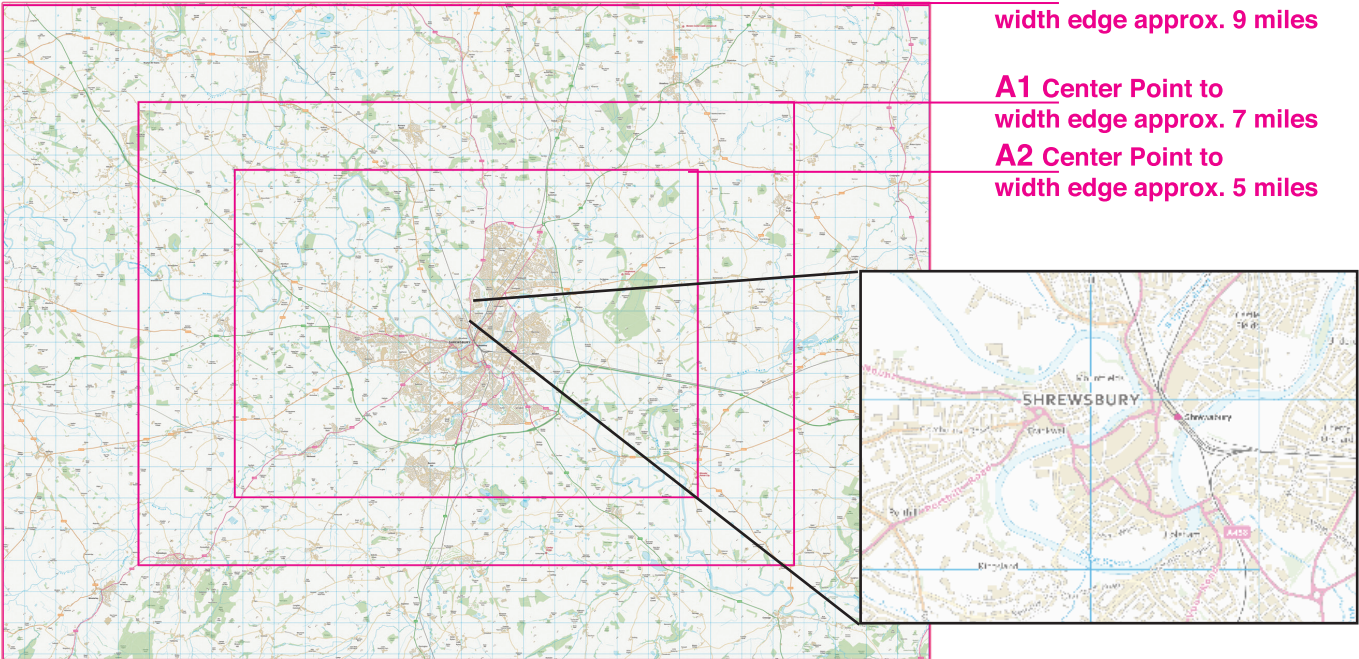

Please use the examples below as guidance when choosing your map size and area. Both Maps below have the same centre point to demonstrate the different levels of data in each type of map and also the miles covered from the centre point to the longest edge. *(If the options below do not suit your requirements please ask about our Map Specials)*

OS Street View (Street/Road Names)

- A0** Center Point to width edge approx. 4.5 miles
- A1** Center Point to width edge approx. 3 miles
- A2** Center Point to width edge approx. 2 miles

OS District View (District,village,area names)

- A0** Center Point to width edge approx. 9 miles
- A1** Center Point to width edge approx. 7 miles
- A2** Center Point to width edge approx. 5 miles

Step1. What Size is your map: A0 ☐ A1 ☐ A2 ☐ Other: Width_____ Height_____ Landscape ☐ Portrait ☐

Step2. Do you want OS Street View (Street/Road Names) ☐ **OR** OS District View (District,village,area names) ☐

Step3. What is the Postcode and/or Street Name & Number for your centre point _____

From this information provided by yourself we will build your map, you will then be sent **2 proofs**, one showing the **overall area covered** and another which is a section of your map at the **actual size** it will print in order for you to see the detail. The 'Actual size' file needs to be printed on A4 with no printer scaling applied to see the true detail that you will receive.

** If you require a full size black & White paper print of your map this is at a charge of £40*

*** After the initial proofs are sent to you each amendment made to your map size, area covered or colour will incur an additional artwork charge of £60 so please give us as much information as possible in the first instance.*
