

Shield® glazed wall display cases

Display 3D objects in style with the Shield® wall mounted display cases

A stylish range of display cases manufactured to the highest standard. Heavy duty yet contemporary aluminium framing, and toughened safety glass are used to create this range of wall showcases. These wall mounted cabinets are available in a choice of two popular sizes. All units are lockable and supplied with glass shelving as illustrated. Available in satin anodised aluminium or in a choice of four bright powder coat colours. Supplied ready assembled.

Illuminated versions of the Shield glazed display cases bring your display to life. Spotlights are clipped into a 12 volt track, enabling the illumination to be positioned exactly where you need it. The lights are simple to remove when not required or when sensitive displays are being housed.
